Sound Effects Glossary for Part I (Day 1 through Day 6)

This edition of *Appleseed Alpha* maintains all of Kuroda's hand-drawn sound effects in the original Japanese, only replacing instances of dialogue that are integral to the storytelling with its English translations. Sound effects from the background are translated here, alongside their transliteration in parentheses. When reading, the first number refers to the page number; the second is the panel number. Commonly repeated sound effects are defined once per scene for sake of brevity.

To start, for example:
Page 3, panel 3 SNIFF SNIFF (kun kun)

5.5 WHF WHF (bun bun)

10.3 CHK (shaki)

13.5 PAT (pah)

14.1 FWAP (bassa)
14.3 PSHT (pushi pushi)

THERE YOU GO. DRINK UP.
JUST LOOK, EMILY.
EVEN NEWBORN PIGLETS KNOW TO ROOT AROUND FOR THE NIPPLE.
IT MEANS THAT SEARCHING FOR NIPPLES IS EMBEDDED INTO THEIR GENES.
WE'RE BIOROIDS... DESIGNED HUMAN BEINGS.
BUT OUR BASIC GENETIC MATERIAL IS THAT OF MAMMALIAN HUMANS.
IN OTHER WORDS, I'M BUILT TO SUCK ON NIPPLES...
...BUT NOT ALLOWED THE WARMTH OF A MOTHER AND FATHER.
YOU SEE, EMILY, MEETING YOU...

I OUGHT TO STICK AROUND UNTIL THE WOUNDED GUY IS HEALED UP, I SUPPOSE.
BUT IS THERE ANYTHING WE CAN DO TO PROMOTE EXCHANGE BETWEEN BOTH SIDES?
THAT'S THE PROBLEM ...

FOR MILLENNIA, WE'VE WREAKED HAVOC ON OUR OWN WITHOUT HIGH-TECH.

THAT'S HOW IT STARTED.
SO ALIGNING WITH NY WILL CORRUPT YOUR IDEALS?
BUT YOU'RE FINE HIRING CYBORGS? LIKE, WHAT?
THAT'S THE ELDER TALKING.

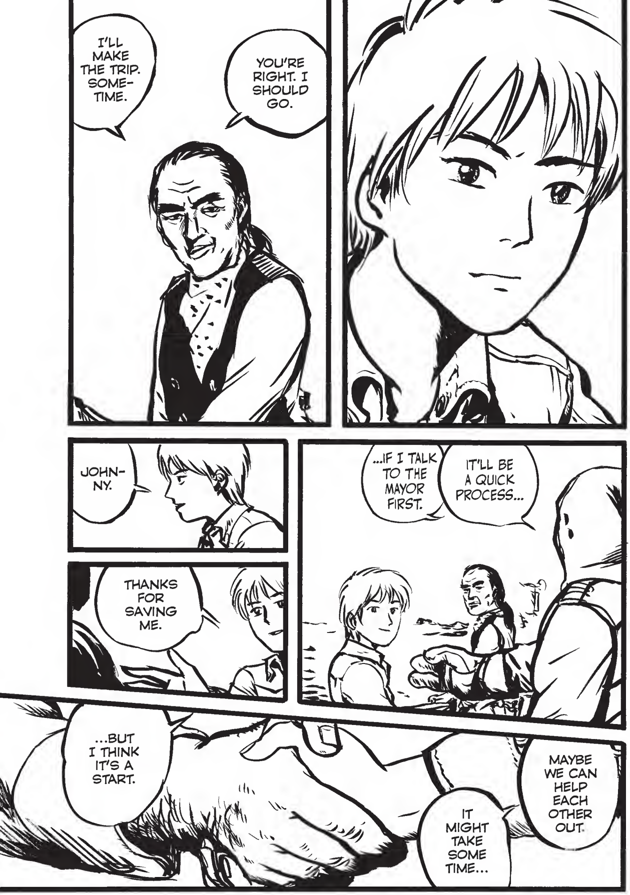
...HOW CAN YOU JUSTIFY KILLING LIVING CYBORGS AND ABANDONING THE PEOPLE IN NEED IN NY?
I MEAN... YOU'RE RIGHT.
THAT'S JUST IT.
THIS COULD BE THE TURNING POINT... BETWEEN US AND THE ONES WHO BUILT THIS FARM.
COME TO NY, JOHNNY. JUST ONCE.
THEN THINK ABOUT IT... YOU WON'T NEED TO DECIDE AT ONCE.



YOU'RE RIGHT. I SHOULD GO.
I'LL MAKE THE TRIP. SOMETIME.
IT'LL BE A QUICK PROCESS...

FOR YESTERDAY'S LEFTOVERS TO BE ENOUGH, THE POPULATION HAS TO DROP.

APPLESEED ALPHA : END

About Iou Kuroda's *Appleseed Alpha*

2014.10.01

Quite a long time ago, when I first saw Iou Kuroda's work in the pages of *Afternoon* magazine, I was struck by his uniquely textured art and crafted world, and was reminded that the horizons of expression in manga are still expanding. Kuroda's style, with his aloof characters and rhythmic beats, evokes a stouter generation. Though he's ten years younger than me, he possesses a special appeal that shares more with those ten years older than me.

When my editor told me Kuroda would be handling an adaptation of *Appleseed Alpha*, I was surprised. "You mean the Iou Kuroda who did *Tengu Party*? Really?" I asked him twice, and while I was quite happy, I had to wonder, "Why?" Meanwhile, I was very interested in how such a manga would turn out, and suspected that the rapport between Deunan and Briareos would actually match up quite well with Kuroda's dialogue style and rhythm. So I answered, "Fantastic! If he doesn't mind doing this, I'd be very excited to see it." But the thought also crossed my mind that Kuroda's fans would prefer to see him continue the exploration of his own personal cosmos. Shinji Aramaki's *Appleseed Alpha* film is a very pointed work on a worldwide scale, and while I have no problems with a manga adaptation, the story itself is constructed of elements rooted in 80s and 90s anime. Some of that is open to criticism, and while I'd enjoy perusing the critical thoughts of Kuroda, who drew a movie-review manga called *Three Hairs on a Movie*...ultimately, I hope that this work turns out to be something that can please the fans of Kuroda, Aramaki, and myself all at once. I am full of gratitude at the chance to see Kuroda's take on Deunan and Briareos (and Two-Horns!). I'm also impressed at the vision and flexibility of my editor in devising such a screwball project and getting it past the board.

Deunan and Briareos are in your hands, Mr. Kuroda—please treat them well. Actually, this message is slated to be published after it's all done, so I suppose I should say, "Thank you for taking care of them."

2014.10.01

Congratulations to Mr. Kuroda and everyone else involved in creating this book. Thank you for taking care of Deunan, Briareos, and Two-Horns. Not only did he bringing his signature outlook, temperament, and dialogue in unique combinations, but also new ideas like the butter-rationing, farming train, and the lyrics to the old songs... From Kuroda's blog comments to his finer line work, I've been marveling at the ride all along. Thank you. As I said before, I hope that everyone can revel in the creation of this manga, from the artist and staff, to each and every reader. Thank you again.

Idea Memo

THE FIRST THING I DREW WHEN I HEARD THE PREMISE OF THE APPLESEED ALPHA MOVIE WAS DEUNAN CARING FOR BRIE IN A CRAMPED ROOM. TWO-HORNS'S CRONIES WOULD ONLY COME TO BRING HIM BATTERIES WHEN IT WAS TIME TO WORK. WHEN HE'S WORKING, BRIE IS A TOTAL SUPERHERO. WHEN HE'S NOT, HE'S AN OLD MAN STUCK IN BED.

"SORRY TO PUT YOU THROUGH THIS." "YOU PROMISED NOT TO SAY THAT TO ME."

DEUNAN'S NOT UP FOR BRIE'S BRAND OF ROUGH WORK YET, SO SHE HOPES TO IMPROVE UNTIL SHE'S ON HIS LEVEL AND CAN SUPPORT THEM ON HER OWN. SHE DOESN'T REALIZE HOW MISERABLE HER SITUATION REALLY IS. BRIE THINKS OF HER AS A LITTLE MISSUS, BEING THE CAPTAIN'S DAUGHTER. HE FEELS BAD SHE'S STUCK WITH HIM, BUT EVEN MORE WORRIED ABOUT HER WITHOUT HIM. THE FIRST PRIORITY IS DEPICTING THEIR LIVING RELATIONSHIP.

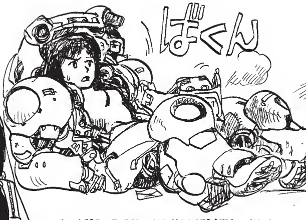
AFTERWORD

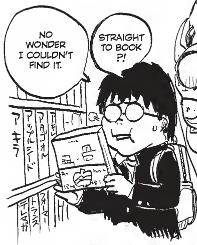
DRAW IT ALL WITHOUT REFERENCE!

1.



IN 1985, I SAW AN ILLUSTRATION IN A MAGAZINE OF A GIRL COMING OUT OF A POWERED SUIT. IT WAS FROM A MANGA CALLED *APPLESEED,* BUT I DIDN'T KNOW WHERE TO READ IT. I ASKED MY FRIENDS, AND NONE OF THEM KNEW ABOUT IT.

2.



STRAIGHT TO BOOK ?!
NO WONDER I COULDN'T FIND IT.

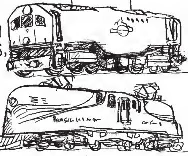
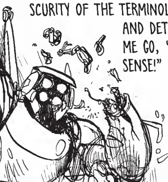
テレマガ

A BIT LATER, I COINCIDENTALLY CAUGHT SIGHT OF IT IN A BOOKSTORE. RIGHT AROUND THE TIME VOL. 2 CAME OUT.

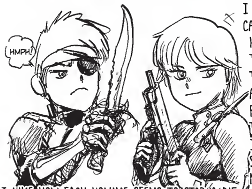
3.



SARIN GAS, NOE FLIGHT, HEAT/HESH, CRIMPING...THE OBSCURITY OF THE TERMINOLOGY AND DETAILS THAT MADE ME GO, "OH, THAT MAKES SENSE!" LIKE MECHA THAT EXPLODES AT THE WRIST WHEN IT TRIES TO PUNCH, LEFT AN EXTREME IMPRESSION ON ME.



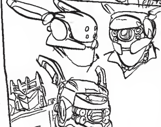
4.



I PRACTICALLY READ HOLES THROUGH THE PAGES, AND WHEN I REREAD IT FOR THIS PROJECT, I WAS SURPRISED AT HOW MANY SCENES I REMEMBERED IN PERFECT DETAIL...

I LIKE HOW EACH VOLUME SEEMS TO STAR A DIFFERENT CHARACTER, AND THE WAY THE AUTHOR'S SENSE OF JUSTICE SEEPS OUT HERE AND THERE.

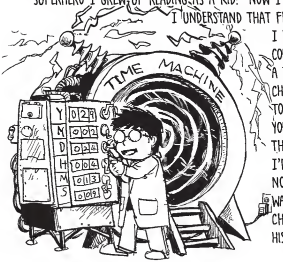
5.



PARDON ME. THIS IS ACTUALLY BASED ON THE *APPLESEED ALPHA* MOVIE, NOT MASAMUNE SHIROW'S ORIGINAL MANGA, BUT I'VE ONLY BEEN TALKING ABOUT THE LATTER. IT SEEMS VERY NATURAL THAT IF THE STORY WERE TO BE REMADE, IT WOULD TAKE PLACE "BEFORE OLYMPUS." I USED A LOT OF MY OWN THOUGHTS ON THE MOVIE AS IDEAS FOR MY MANGA, BUT I WAS SURPRISED AT HOW MANY COMMONALITIES ARE PRESENT BETWEEN OUR TWO VERSIONS. IT WAS AN INTERESTING PROCESS.

6.

A LOT OF AMERICAN COMIC BOOK WRITERS SAY THINGS LIKE, "I CAN'T BELIEVE I GET TO WRITE THE SUPERHERO I GREW UP READING AS A KID!" NOW I THINK I UNDERSTAND THAT FEELING.



I WISH I COULD TAKE A TIME MACHINE BACK TO TELL MY YOUNGER SELF THAT. BUT I'D BETTER NOT; DON'T WANNA CHANGE HISTORY.

Translation Notes

NBC, page 76

An abbreviation for nuclear, biological and chemical weapons - anything that goes beyond simple explosive bombs or missiles.

ECM, page 156

An abbreviation for electronic countermeasures. This category refers to any tool or technology meant to jam, disrupt or mislead radar and detection systems.

Song lyrics, page 241-242

These lyrics were pulled from the song "*Dareka-san to Dareka-san*" (Somebody and Somebody) by the comedic music group, The Drifters. The song is based in melody and (partly) lyrics on the traditional Scottish folk song, "*Comin' Thro' the Rye*," which is about two people meeting in a rye field for a romantic encounter. Although the Drifters' version is more similar to the bawdy original source, it caused a stir on its release in 1970 because the melody of "*Comin' Thro' the Rye*" was known in Japan since the late 19th century as "*Kokyô no Sora*" (The Sky Over My Hometown), which featured completely different lyrics about wistful nostalgia for one's hometown. The lyric on the following page ("fair sky o'er my home") comes from "*Kokyô no Sora*" rather than "*Dareka-san to Dareka-san*," but to a Japanese reader familiar with both songs, they would segue together through their shared melody.

The Black Museum The Ghost and the Lady

By Kazuhiro Fujita

Deep in Scotland Yard in London sits an evidence room dedicated to the greatest mysteries of British history. In this “Black Museum” sits a misshapen hunk of lead—two bullets fused together—the key to a wartime encounter between Florence Nightingale, the mother of modern nursing, and a supernatural Man in Grey. This story is unknown to most scholars of history, but a special guest of the museum will tell the tale of The Ghost and the Lady...

Praise for Kazuhiro Fujita’s *Ushio and Tora*

“A charming revival that combines a classic look with modern depth and pacing... **Essential viewing both for curmudgeons and new fans alike.**” — Anime News Network

“**GREAT!** The first episode of Ushio and Tora captures the essence of '90s anime.” — IGN

New action series from Hiroyuki Takei, creator of the classic shonen franchise Shaman King!

In medieval Japan, a bell hanging on the collar is a sign that a cat has a master. Norachiyo's bell hangs from his katana sheath, but he is nonetheless a stray — a ronin. This one-eyed cat samurai travels across a dishonest world, cutting through pretense and deception with his blade.
